Board president and members,

Please accept this letter as notice of my resignation from my position as board member. Effective immediately.

I received an offer to take on more educational opportunities at work. I realize this offer will require more of my time and efforts at the shop but is too exciting for me to decline. I also plan to continue my education, and get my masters degree. This will require me to attend class twice a week from 5-8pm, taking away the free time I may have had for the board.

It has been a pleasure working with the team over the last couple years. One of the highlights of my time here was watching the development this board has experienced. I got to be a part of this organization during some of its most pivotal moments and I am so honored to watch us build this organization into something our community can truly count on. I will continue to support and love this organization and board and the work y'all are doing, and excited to continue to watch the growth y'all will experience.

Thank you again for the opportunity to be a part of the Northwest Youth Services board. I wish you all the best and I look forward to staying in touch with you. I appreciate all that you have done for me over the years.

I will have the recruitment sheet in our google docs updated with folks in line for recruitment, there will be their information and they will be in order of who has contacted first!

Sincerely

Daija Heyward

I chose not to include the other folks in this original message and figured you can share this information in whatever way you see fit for you. Thank you for everything Nicole! I wish I had more time and energy to give but unfortunately I'm running out of steam.
