Hi Nicole,

Emailing to tender my resignation as a board member.

We've spoken about this in the past, my intent to step away when the board had grown a bit larger. My decision in no way I reflects on the organization itself; I choose now to leave because it feels that NWYS has added depth to the board and has more coverage than before. I don't feel I have the time or energy to appropriately commit to the board, and would be doing a disservice by remaining overextended.

My personal and professional life have both been enriched by this experience of board service and I respect all of you who continue on doing the work. Thank you for the leadership you've displayed, thank you to my fellow board members, and Jason for their stewardship and vision.

Best,
Alex
